Dear Sugar Containing Product Program Participant:

When we mailed your new license, we included a copy of the reporting format containing the information specified in 7 CFR 1530.109(c). Please modify your reports to comply with this format. 7 CFR 1530.109 (b) states that:

“...Applicants unable to submit a report in the specified electronic format may seek a temporary waiver to permit them to submit the report on paper.” If you would prefer to continue submitting your requests for credit via facsimile or in hard copy, this letter constitutes a waiver of the electronic reporting requirement.

To assist us in processing your hard copy reports in an accurate and timely manner, please continue to provide a country total and grand total for your exports. An example is provided below:
