SUBJECT: List of MAP and FMD Reimbursable International Trade Shows in the United States

TO: All Market Access Program (MAP) and Foreign Market Development Program (FMD) Participants

This program notice, effective immediately, supersedes the program notice on the “List of MAP and FMD Reimbursable International Trade Shows in the United States” published on November 10, 2021. This program notice contains the updated list of approved MAP and FMD eligible international trade shows held in the United States.

BACKGROUND: Participation in certain international trade exhibits and shows in the United States has proven to be a successful export market development activity. These venues allow U.S. exporters to showcase their products, meet and connect with buyers from all over the world, and expand their sales. In recognition of those benefits, the Foreign Agricultural Service (FAS) has determined that certain expenses from the participation in the shows listed in this program notice are eligible for reimbursement through the MAP and FMD programs.

GUIDANCE: As specified in 7 CFR 1485.17(b)(7) and 7 CFR 1484.52(b)(6), FAS will reimburse non–travel expenditures associated with retail, trade, and consumer exhibits and shows held inside the United States only when the show is included on the list of approved shows found in this program notice. However, expenses from approved shows are not eligible for reimbursement if the MAP or FMD participant has used funds from a source other than MAP or FMD to participate in the show within the last three years.

Eligible non–travel expenditures include participation fees, booth construction, transportation of related materials, rental of space and equipment, and duplication of related printed materials.

This eligibility is further subject to 7 CFR 1485.17(b)(18) and 7 CFR 1484.52(b)(7), which specify that, with limited exceptions, if USDA has sponsored or endorsed a U.S. pavilion at a retail, trade, or consumer exhibit or show in the United States, only those MAP or FMD participants located within the U.S. pavilion may seek reimbursement for their non–travel expenditures.
FAS updates this list from time to time and adds or removes shows as needed. The following shows are the international trade exhibits and shows in the United States currently approved by FAS for reimbursement under the MAP and FMD programs:

Program participants are encouraged to request consideration of eligible shows for inclusion on the list. To be eligible for consideration, a show must be:

(1) A food or agricultural show where at least 30% of the exhibitors are selling food or agricultural products, and

(2) An international show that targets buyers, distributors, and the like from more than one foreign country and where at least 15% of the attendees are from countries other than the United States.

Program participants interested in suggesting a show for consideration are encouraged to contact their FAS Marketing Specialist for guidance.
