REQUESTING ADDITIONAL QUOTA (REALLOCATION OF 2013 LICENSES)

Under Section 6.26(c), a person issued a license for 2013 may submit an application for an additional TRQ amount. This amount may be added to an existing license or used to create a new license.

Licensees who qualified in 2013 for only non-cheese licenses may not request an additional TRQ amount for cheeses.

There is no limit to the number of requests you may submit for additional TRQ amounts to be added to an existing license or as a new license. However, Section 6.23(c)(1) requires that at least 85 percent of a license, **including any additional amounts received under the surrender and reallocation procedures**, must be entered under that license by December 31, 2013, for you to be eligible to receive a license for the same article from the same country in 2014.

After receiving full access to DAIRIES upon completion of the “eAuthentication” and “Access Request” steps, an applicant may proceed directly to the DAIRIES link: [FAS-924Be Application for Requesting Additional Tariff-Rate Quota \(TRQ\)](#) to request additional quota for existing licenses and to request new licenses for reallocated quota. The link for this process will be active from September 1, 2013 through September 17, 2013 for the first round of reallocation, and for a period of time still to be determined for the second round of reallocation.

SURRENDERING UNUSED LICENSE AMOUNTS

Under Section 6.26(a), if any person issued a license for 2013 determines that the entire amount of a license will not be used, the amount that the licensee does not intend to enter before December 31st shall be surrendered to the Licensing Authority before October 1st. Section 6.23(c)(1) requires that at least 85 percent of a license, **including any additional amounts received under the surrender and reallocation procedures**, must be entered under that license by December 31, 2013, in order for the licensee to be eligible to receive a license for the same article from the same country in 2014. **Any amount surrendered is**

subtracted from the total license amount to which the 85 percent utilization requirement applies.

After receiving full access to DAIRIES upon completion of the “eAuthentication” and “Access Request” steps, an applicant may proceed directly to the DAIRIES link: [FAS-924Ae License Surrender Form](#) to surrender unused license quotas. The link for this process will be active from September 1, 2013 through October 1, 2013.

APPLYING FOR CHEESE AND NON-CHEESE LICENSES FOR 2014

The links for the cheese and non-cheese license application process will be active from September 1, 2013 through October 15, 2013. After receiving full access to DAIRIES upon completion of the “eAuthentication” and “Access Request” steps, an applicant must proceed first to the DAIRIES link: [FAS-923e Certification Form for Dairy Import Licenses](#) to begin the application process. Once the certification form has been submitted electronically to USDA, the applicant may proceed at any time prior to October 15th to the DAIRIES link: [Selection of Entries to Qualify \(For Importers Only\)](#).

The [Selection of Entries to Qualify \(For Importers Only\)](#) allows an applicant to select entries to qualify for cheese, non-cheese articles, or both at the same time. We suggest that you select “BOTH” or “CHEESE” in the drop-down box if you will be applying for licenses for cheese and non-cheese articles. When you select “BOTH” or “CHEESE” in the drop-down box, the system will accept only cheese entries as qualifying entries and, if you satisfy the cheese license requirement, the system will simultaneously qualify you for non-cheese licenses. After the qualifying entries have been submitted electronically to USDA, the applicant for lottery licenses may proceed at any time prior to October 15th to the DAIRIES links: [FAS-923Ae Application for Non-Historical Cheese Licenses](#) and [FAS-923Be Application for Non-Historical Non-Cheese Licenses](#). You may submit qualifying entries to USDA only one time.

ERRORS

If you experience any difficulties with the selection of qualifying entries, or need to redo your entries, or need to correct any data from any step that you have already submitted to USDA, just call 202-720-9439 or 202-720-1344 and ask us to delete your original submission so that you may repeat the process. You may also notify us by email at: Abdelsalam.El-Farra@fas.usda.gov or bettyann.gonzales@fas.usda.gov.

VERIFYING THAT YOUR APPLICATION WAS TRANSMITTED

You do not need to contact this office to verify that your applications were transmitted.

The DAIRIES website contains a section that allows you to access a record of your transmittals to USDA. The records include the certification form, qualifying entries, non-historical cheese license application, non-historical non-cheese license application, surrendered license amounts, and additional quota requested. We recommend you verify that your applications were transmitted **BEFORE** the application deadline to provide sufficient time to correct any errors.
